TECHNICAL SKILLS

- .Net Development
- C++
- C#
- Sql
- HTML
- Java
- CSS

CONCEPTS

- UI/UX Design
- OOP
- DBMS
- DSA (Basics)

TOOLS

- GitHub
- n8n
- VS code
- Visual Studio
- MySql

PROFILE

Computer Science student (Semester 4, University of Faisalabad) with hands-on project experience in .NET/C# desktop development, SQL databases, and AI-assisted workflows. Developed functional applications, including an E-Learning Management System using Windows Forms and SQLite. Seeking a Summer Internship to apply practical development skills and contribute to real-world software projects.

EDUCATION

Matriculation in Computer Science

- The Arqam School
2022

FSc Pre-Engineering

- Punjab Group of Colleges
(2022-2024)

Bachelor of Science in Computer Science (BSCS)

- 2024 - 2028 (Expected)
The University Of Faisalabad CGPA: 3.3/4.00

PROJETCS

Desktop E-Learning Application (EduLearn) | C#, .NET, SQLite

- Built a full-featured desktop LMS with authentication, 4 subject modules, and a custom-themed responsive UI
- Developed an auto-graded quiz engine with 40 questions, real-time scoring, and PDF/PPT file integration

AI-Powered Book Management Agent | n8n, Grok AI, Google Sheets

- Designed a conversational AI agent for inventory management — handling stock updates, price retrieval, bill calculation, and product bundling via natural language
- Automated end-to-end workflows using n8n and Grok AI, eliminating manual inventory operations

Book Selling Inventory System | JavaScript, HTML

Built a browser-based inventory system with stock control, dynamic pricing, invoice generation, and automated daily/monthly sales reporting
